TOWN WARRANT.

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Andover, in the County of Merrimack in said State, qualified to vote in Town Affairs.

You are hereby notified to meet at Town House in said Andover on Tuesday, the ninth day of March next, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3. To see what sums of money the town will vote to raise and appropriate for highways and bridges.

4. To see what sums of money the town will vote to raise and appropriate for permanent repair on highways and bridges under the law, passed at the January session, 1905.

5. To see what sum of money the town will vote to raise and appropriate for the town library in addition to the amount required by law.

6. To see what sum of money the town will vote to raise and appropriate for the maintenance of cemeteries.

7. To see if the town will vote to raise and appropriate the sum of twenty-five dollars for Memorial purposes and pay the same to Prescott Jones Post, No. 32, G. A. R.

8. To see if the town will vote to discontinue the highway in the Town of Andover known as the Mompey Hill Road, being the highway leading from the fourth N. H. turnpike at premises of Ellen E. Quimby and thence southerly to the end of said Mompey Hill Road.

9. To see what sum of money the town will vote to raise and appropriate to celebrate Old Home Week.

Given under our hands and seal, this twentieth day of February, in the year of our Lord nineteen hundred and fifteen.

Respectfully submitted,
ANSON H. KILBURN,
DENNIS E. FENTON,
GEORGE S. HUNTOON,
Selectmen of Andover.

Andover, N. H., Feb. 20, 1915.

I have carefully examined the accounts of the selectmen of the Town of Andover, for the year ending Feb 15, 1915 and find them correctly cast and properly vouched.

ARA M. LOVERIN,
Auditor for the Town of Andover.

Concord, N. H. February 8, 1915.

To the Selectmen:

We suggest that you cause the following extract from the report of the Tax Commission for 1914 to be printed in your town report this spring. It may tend to economy in town appropriations.

Very truly

STATE TAX COMMISSION,

By W. B. Fellows, Secretary.

REPORT STATE TAX COMMISSION 1914.

Increase in Public Expenditures.

No power has constituted the members of the tax commission guardians of the public in respect to expenditures for the support of government, and they have no disposition to assume that role. Nevertheless, "economy being a most essential virtue in all states," and it being "the duty of legislatures and magistrates * * * to countenance and inculcate the principles of * * * economy," all as set forth in the constitution of this state, the commissioners believe themselves to be amply justified in urging, as they have so often urged before, the importance of this subject upon the voters of the state. The public revenue, state and municipal, is the voters' business and they are responsible, directly or indirectly, for every extravagance affecting it from the inception to the termination of the fund.

Every compulsory contribution levied by public authority upon people or property is in the broad sense of the term a tax, nor is it made less obnoxious or burdensome if called a fee or a fine. In the figures that follow therefore, all fees, fines, and other exactions, if any, are included with the taxes upon polls and estates. To illustrate the comparative importance of the two classes, it may be said that the taxes upon polls and estates represent about 95 per cent. and all other income about 5 per cent. of the total revenue of the state, and of the counties, cities, towns, districts and precincts therein.

Taxes as defined above have increased by leaps and bounds in recent years. In 1903 the sum of all the taxes

assessed by and within the state of New Hampshire was \$5,373,420.22; in 1913 it was \$8,765,039.07, an increase of \$3,391,618.85, or 63 per cent., in ten years. But these figures do not adequately represent the velocity the upward movement has now attained. To show that it is necessary to divide the ten-year period: The levy in 1908 was \$924,388.79, or 17 per cent greater than in 1903, while that in 1913 was \$2,467,230.06, or 39 per cent greater than in 1908. By so much did the advance in the last half of said period exceed that in the first half. These figures will be the more alarming if it is remembered that while taxes already sufficiently heavy were advancing 63 per cent, the population of the state increased only about 4½ per cent, and while the one was advancing 39 per cent, the other increased only about 2¼ per cent.

It is instructive to study the subject from another angle. In the ten years from 1904 to 1914, both inclusive, the annual increase in all taxes defined and limited as above was as follows:

1904	\$ 34,459 91
1905	286,590 14
1906	115,468 39
1907	411,257 46
1908	76,612 89
1909	539,995 97
1910	787,565 31
1911	215,848 50
1912	296,216 85
1913	627,603 43

The average yearly increase for the whole period was \$336,561.85. The upward trend is more plainly shown, however, by dividing, as before, the ten-year period in the middle and considering the halves separately. For the first five years the average annual increase was \$184,877.76; for the last five years it was \$493,446.01. It is surely pertinent to consider how long the little state of New Hampshire, almost stationary in wealth, can sustain a tax already burdensome and increasing at the rate of practically half a million dollars a year without crippling her industries and impoverishing her people. Plainly it is a condition not calculated to attract capital from without the state or to encourage business within the same.

From the per capita standpoint the situation is not less disturbing. In 1903 there were assessed \$12.88 in taxes for each man woman and child in the state. Five years later there were assessed \$14.75 for each individual, and in five years more \$20.09. If in 1913 taxes had been equally distributed among all the people it would have meant a burden of \$100 for each family of five members. Though in reality there was little such equality in the assessment there was much in the payment. The fact is that those who occupy, use or consume property, no matter who owns it, are those who in the last analysis pay most, if not all, of the taxes thereon. If the wage earner or the man of limited means understood he was in reality paying something like \$100 a year in state and municipal and half as much more in federal taxes for the government of himself, his wife and three children his influence and his vote would more frequently make for economy in appropriations and expenditures than heretofore.

No statistics for the year 1914 appear in the above paragraphs for the reason that they are not yet at hand except in part.

LIBRARY REPORT, 1915.

The trustees of the Andover Town Library submit the following report for the year ending Feb. 15, 1915.

The number of books issued at the Center Village was 2663; and the number of borrowers was 233. The number of books issued at East Andover was 1196, and the number of borrowers 83. The number of books issued at Taunton Hill was about 900, and the number of borrowers 13.

Our library is recognized as an excellent, well-selected collection of books. It is increasingly used and useful.

Almost two thousand years ago Cicero said of literature, "It feeds the minds of the young, is a delight in old age, is an ornament in prosperity and a refuge and solace in adversity." Try it.
